Misinformation from the FullStop slate

The Truth

FullStoppers got rid of the infamous “wine cellar” at the Law Society.

The wine cellar was done away with in the summer of 2018. That was before the FullStop slate’s creation in 2019.

Lawyers in Ontario pay the highest Law Society Fees in North America.

Lawyers in Ontario pay \$229 below the national average of all Law Society fees in all the 10 provinces in Canada. Lawyers in six other provinces pay more in fees than we do.

Law Society Fees are bloated and have grown out of control.

Adjusted for inflation, Law Society fees in 2022 were the lowest they have been since 1995. In actual dollars, in 1995 lawyers paid \$1,835. In 2022 we paid \$1,813.

FullStoppers will reduce fees by getting the Law Foundation to pay for county law libraries.

The Law Foundation is run by an independent board which is obliged to plow most of its funds into supporting the Legal Aid system. Stable funding for your county law library cannot come from the Law Foundation

The Law Society is on the precipice of falling into a black hole of WOKE TYRRANY!

Just because Conrad Black says it – doesn’t make it so. Good governance and sensible regulation of the legal profession should be premised upon facts, reason, debate and discussion. Not paranoid conspiracy theories.

The future of self-regulation is in the balance.
